## Loan Campaign Reaches Half-way Mark

At the conclusion of the fourth day of the Victory Loan campaign, Crossfield citizens have subscribed one-half of the \$41,000 which has been allotted to the district. Owing to the condition of the country roads very few returns have been received from the rural areas. Canvassers report that they are meeting with generous response and should have no difficulty in passing their objective.

## How Good Are You At Guessing?

Sponsored by the Crossfield Rifle Club, a novel Guessing Competition has been instituted.

The Club shoots twice weekly and you may be sure quite a number of shells are used, also some high scores made. These shells have all been saved with the idea of turning them in to the Red Cross. Fred Baker suggested that before turning them in, the club place the empty shells in a glass jar and hold a guessing contest. A charge of ten cents per guess, 3 for 25c, is being made and a prize of a Five Dollar War Savings Certificate will be given for the nearest guess to the correct number of shells in the jar. All proceeds in excess of the cost of the Certificate will be turned over to the local Red Cross.

The shells have not been counted so your guess is as good as the next, and the Rifle Club will be glad to receive your support in aid of a worthy cause. The jar is at present at the U.F.A. store, where you can make your estimate.

## Mrs. Phillip Whittaker Laid To Rest

Mrs. Nellie Elizabeth Whittaker, 67, wife of Phillip Whittaker, died at her home on Wednesday, May 28, following a lengthy illness. She was born at Alden, Michigan, and had resided in the Crossfield district for the past 43 years.

Besides her husband, she is survived by three daughters, Mrs. George Jones, Crossfield, Mrs. H. J. Clarke, Rosebud; Mrs. F. Maine, Marshfield, Oregon; three brothers, Charles, Crossfield; Emerson and Ira, both of Beynon.

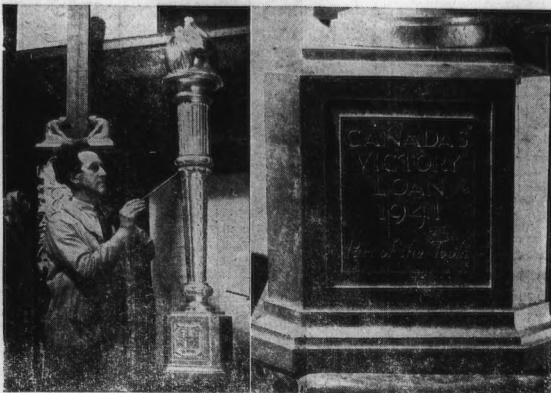

Funeral services were conducted by Rev. H. V. Ellison in the United Church on Saturday afternoon, with burial in the family plot, in Crossfield cemetery.

Palbearers were Frank Purvis, Frank Laut, O. E. Jones, Floyd Clarke, C. C. Stafford and Arthur Sickett.

## TRAVELLING CLINIC

Alberta's unique travelling clinic has started on its 1941 tour, and will visit a large number of rural points to administer medical aid to children. This clinic is now in its 17th year of operation. Heading the caravan of mercy is Dr. G. K. Morton. He is assisted by doctors, dentists, nurses and truck drivers. The legislative vote of \$15,174 for this work is similar to that of previous years. Health education and preventive medicine are part of the clinic's work, in addition to diagnosis, dental work, vaccinations and minor surgical operations.

## TORCH TO CHURCHILL ON ITS WAY

The symbolic Torch which Canadians are flying to Prime Minister Winston Churchill, is shown at left with artist Ted Watson. The symbol is constructed from materials that are distinctly Canadian. The base is made of maple and the shaft of Canadian pine, and the whole is finished with 23 carat gold-leaf. At right is the base with inscription.

## LOCALS

Mr. Clem Cowling, who farmed west of town a number of years ago, was a visitor here Tuesday.

Sgt. Alfred Prier, formerly of Madden, is now overseas serving with the R.C.A.F.

Mrs. J. Willox of Calgary was a visitor in town on Tuesday and Wednesday of this week.

Several little friends were invited to a party on Saturday afternoon when Mrs. J. W. Halton entertained for her daughter, Shirley, on her 8th birthday.

Miss Evelyn Havens of Madden is receiving congratulations on winning a \$75. Scholarship at the Olds School of Agriculture. The scholarship is awarded by the Alberta Surplus Wheat Board Monies Trust to the 1st year student in Home Economics attaining the highest standing for the the year.

## LOCALS

Several more of our young men have enlisted in the service of King and Country. Norman Johnson, who has had a barber shop here for around twelve years, has joined up with the Engineers. His barber shop will remain closed for the present.

Warren Hall, Bob Blair and Jack Fleming have passed their medical tests for the Air Force, and await their call when school closes.

A very enjoyable social affair was held by the Crossfield I.O.O.F. on Wednesday after their regular meeting. The occasion was the official visit of their Deputy District Master, W.G. Brown, of Calgary. About 25 visitors enjoyed the hospitality of the local lodge and after a hearty sing-song led by Rev. H.V. Ellison, a bounteous repast was served and, later, speeches were made by visiting and local brethren.

## LOCALS

Mrs. Chas. Fox and Mrs. W. J. Wood motored to Banff this week, where they are attending provincial convention of the Grand Order of the Eastern Star.

Mrs. S. Heinrich and infant son, Wayne, are visiting at the home of her parents, Mr. and Mrs. T. Priest of Madden, before going East to join her husband.

The Board of the United Church is arranging for the Strawberry Tea to be held this month. This is an annual affair sponsored by the men of the church and has proved quite popular in past years.

Friends will be pleased to learn that Mr. W. E. Spivey, who has been ill in a Calgary hospital for the past month, is making good recovery and expects to return home next week.

## Armored Convoy Here June 9

Owing to the heavy rains, the arrival of the armored recruiting convoy at Crossfield, scheduled for last Monday, was postponed one week and will take place next Monday morning, June 9th, at 10 o'clock. The program will be the same, and the convoy will move to Carstairs in the afternoon and Didsbury in the evening. A complete medical board will travel with the convoy, and men may be examined on the spot.

## Dog Pound

Mrs. J. C. Jack spent several days in Calgary over the week-end.

A good attendance was had at the Red Cross meeting on Friday, May 30th.

The Crop Testing Plan demonstration plot, on W. J. Gray's farm, is coming along fine after the recent rains.

Bill Gray has started a "Blitz" on the magpies, who have been taking his chicks.

Mr. Boggs, of Bottrel, was taken to Calgary for medical attention on Monday. He has been ill for some time.

The local branch of the Red Cross is holding a tea and bazaar on Friday, June 6, when it is hoped there will be a good turnout.

Fay Stone has been away fishing for some time. If he don't come back with some big ones, he should at least bring back some good fish stories.

Tom Brown, our local trucker, has a loader on his truck now and says, "Hauling wheat is fun". His only worry now is that he can't haul at night because the elevators are closed.

## LOCALS

The Tea under the auspices of the Junior Girls' Auxiliary last Saturday was a decided success, over \$12. being realized. The sale of tickets on the pillow slips brought an additional \$10, with Mrs. S. Willis being the lucky winner on a ticket sold by Maxine Reeves and drawn by Mr. T. M. Mair.

The Superintendent and girls of the Auxiliary wish to thank all those who gave their support or in any way assisted in making the tea a success.

Investigation of a car left on a side road a few yards off the highway two miles south of town, at the week-end, revealed that it had been stolen from a garage at Red Deer. The car was discovered by some local boys, who reported it to Corporal Cameron of the R.C.M.P. A 1940 Chevrolet, it was the property of Mr. H. J. Snell of Red Deer, and had been stolen by a soldier who started it by crossing the ignition wires in the absence of a key, abandoning it when it ran out of gas. The thief has been apprehended and the car returned to the owner.

### FACING REALITY

There comes a time in the lives of most men when they come face to face with reality and cannot dodge it. Such a time has arrived for every man and woman in Canada who has any money over and above that needed for ordinary expenditures.

There are few Canadians who do not treasure money, either for the protection it affords the individual against unforeseen calamity or for the value it represents in terms of goods which it will buy. Some treasure money because it is the concrete result of hard work. Others are reluctant to part with money because to them it is a sheltering arm around the family. Now, however, Canadians are faced with the realization that no matter how highly they regard their personal cash reserves, they must loan it in order to keep it. The battle against Germany can be viewed as a battle in behalf of Canadian cash in hand. Let Germany win, and assets of Canadians will dry up almost to the vanishing point.

Great Britain, Australia, New Zealand, South Africa, India and Canada have been left alone to fight the Nazi monster. The challenge, undoubtedly the most stupendous in world history, demands the active help of every Canadian. Those with money, be it fifty dollars or two hundred and fifty thousand dollars, must loan their cash to the government if Canada is to carry on with her present share in the big battle.

### WAR SAVINGS AS INSURANCE

Busy as she is in a life and death struggle, England is not overlooking her economic future as she goes "all out" to thwart the vicious ambition of Hitler. Her citizens have been, and are, storing up a staggering total of war savings against the day when the last shot is fired and millions of Englishmen must turn around and readjust themselves to peaceful occupations. Nor is that all. Just recently, the British government has imposed income taxes on very low wages and salaries, which are to be restored to the workers after the war is over.

Shrewd Canadians will see in this savings program a worthy example to be followed in their country. The wise citizen will not only measure the amount of his purchase of war savings certificates in terms of what that money means in helping our government to fight this war, but in terms of insurance for himself and his family.

The man who asks himself, "how much cash am I going to need after this war is over?" is going to buy as many War Savings Certificates as his income permits. More than that, he will then see more concrete reasons for doing without some of the pleasure

and luxuries in which he now indulges.

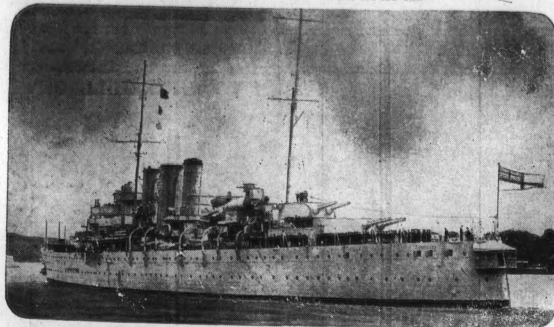

There certainly is a rainy day coming.

### WOMEN TAKE AIRLINE POSITIONS

The female sex is making further inroads into the business of air transport. Trans-Canada Air Lines is now training four young women in Winnipeg as passenger agents. Their work will be principally handling passengers at the airport offices. The move is experimental as far as T.C.A. is concerned, dictated by war conditions. Many of its passenger agents are now in military service. Requirements are: common sense, good appearance, ability to meet the public, and five feet seven inches or better in height.

### Delivered Death-Blow to the Bismarck

To the Dorsetshire (above), 9,975-ton British cruiser, fell the honor of being the ship assigned to close in on the crippled German battleship, the Bismarck, and deliver the final death-blow by torpedo. British planes from H.M.S. Ark Royal, giant air-jane carrier, had previously scored two hits with torpedoes on the German warship, making her unmanoeuvrable.

# STEP UP STEP OUT and IN A UNIFORM

## Be a Man Among Men!

You'll feel like a million dollars the minute you step out in that fine new uniform now ready for you. You'll be a man among men, a vital cog in Canada's great mobile war machine. You are needed to handle guns, tanks, armoured cars and other motorized equipment. Canada is waiting for YOU to spark them to victory. Canada wants ACTION. You want ACTION. This is your chance to get it.

The Canadian Active Army requires men for Artillery, Engineers, Signals, Armoured Cars, Tanks, Infantry, Transport and Supply, Medical and Ordnance and other branches of the Service. The Army is prepared to teach many trades and to train you to efficiently handle Canada's weapons of war.

Go to your nearest District Recruiting Office. Find out about these Units; how they work, what they do. See just where you'll fit in. See where any particular skill you possess can best be utilized. Then join up for ACTION!

### RATES OF PAY IN THE RANKS

\$1.30 per Day with Board, Lodging, Clothing, Medical and Dental care provided. EXTRA: (1) Rates varying from 25¢ to 75¢ per day for skilled tradesmen while employed. (2) Dependent Allowances in Cash: \$35 to wife, \$12 each per month for 2 children—only 3 dependents per soldier.

## "GOD BLESS OUR BRAVE DADDY OVERSEAS"

FOR EVERY CANADIAN who sails the deep, for every airman who flashes through the skies, and for every other man in the fighting forces, the prayers of the nation "rise like a fountain, night and day."

In times of crisis our people stand steadfast. In daily devotions they renew the flame of faith and arm with unseen powers their warriors in the field.

Oftentimes they discern the Unseen Hand. Witness the miracle of Dunkirk. Witness, too, in

the darkest hours the emergence of great inspiring figures to steady the ranks of Democracy and fire its courage and confidence.

Church bells are ringing throughout Canada calling men and women to worship and sacrifice in defence of our freedom, the sanctity of our homes and the future of our children.

### Dunkirk Hero Finds Family In Canada

One of the most intriguing stories of its kind was told recently to a Canadian National. Steamships official. It had to do with the reunion of a soldier hero of Dunkirk with his family.

Escaping from the hell that was Dunkirk in one of the armadas of ships that effected one of the most miraculous rescues in history, he landed on Britain's shores and set out to find his wife and children.

His search was unavailing. In the meantime, his wife and children, believing he was numbered among the missing from that inferno, came to Canada. In the course of duty, the soldier was ordered to the British West Indies and, en route, he stopped over in Halifax. Needing to make some purchases, the soldier wandered into one of the local five and ten cent emporiums and there, behind the counter, was his son! Re-union with his wife and family quickly followed but only for a short period for his ship sailed with in a couple of days.

### WALK ON THE LEFT

Anyone walking along the highway should take care to walk on the left hand side of the road, facing the oncoming traffic. This is the law, and it is also the best way to preserve life and limb. Both drivers and pedestrians should exercise the greatest possible care in order to avoid accidents.

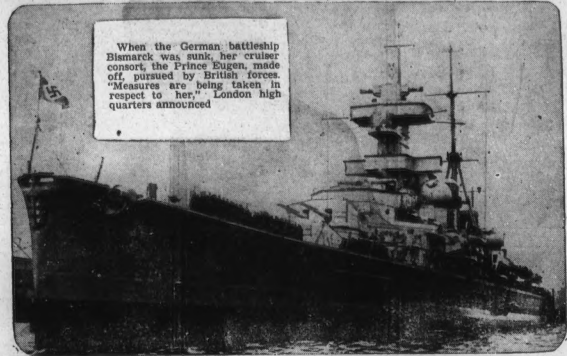

Look at the label on your paper. It tells when your subscription is paid up to.

### NO LIVESTOCK EXHIBITS

There will be no live stock exhibits in classes at the 1941 Edmonton Exhibition. This is because the Dominion has taken over the grounds for use in the Empire air training plan. The usual midway shows, horse racing and certain other exhibits will be carried on, however. It is expected that the grounds will be used as a manning pool.

### RECORD CAPACITY

The town of Vulcan on the line between Calgary and Lethbridge may hold the record for having the greatest volume of grain elevator at-rage in any town in Western Canada. The total capacity is now 1,450,000 bushels, which includes 747,000 bushels capacity provided by 20 new annexes which have been constructed within the last year or so.

# The UNEMPLOYMENT INSURANCE PLAN

## To the Employer...

Contributions to the Unemployment Insurance Fund become payable as from July 1st, 1941.

Contributions are made by the employer and the employee, and are paid by the purchase of Unemployment Insurance stamps by the employer from the Post Offices.

The employee's contributions are deducted from his wages by the employer.

Stamps will be affixed to a special book, called the Insurance Book, by the employer. The book is the employee's record of contributions, and when he becomes unemployed it forms the record from which insurance benefits may be paid. Full details will be sent to you when you have returned the postcard attached to a form which is now in the mails.

The plan of procedure has been adopted after consultation with employer and employee associations and is one which has been based upon thirty years' experience in Great Britain.

The Dominion Government adds 20% to the combined employee-employer contributions.

HON. NORMAN A. McLARTY,  
Minister of Labour

butions, and in addition, pays the administration costs which include the operation of a National Employment Service for the convenience of employers and employees.

Contributions are payable by all persons while in employment and by their employers, with the exceptions listed in the panel below.

The first duty of every employer will be to REGISTER WITH THE COMMISSION by completing the postcard attached to a form which is now in the mails, and obtaining and issuing insurance books for all his employees. If there is doubt as to whether employees, or any of them, are insurable, ask for instructions when you return the postal card. If you do not receive a form through the mail go to the nearest Post Office and ask for one. All employers must complete registration prior to June 14th, 1941.

The Commission feels that it can be assured of the full cooperation of all employers. Nevertheless, attention is drawn to the fact that registration is compulsory and any failure to register is an infraction of the law and is subject to penalties.

## PRE-ENLISTMENT COURSE OFFERED

Facilities for overcoming educational barriers to many keen young Canadians, eager to enlist in the R.C.A.F., are announced at headquarters.

The Canadian Legion Educational services will provide courses of study for pre-enlistment education of prairie boys by organization of classes preferably at night, in larger centres.

The following standards are asked by the air force: Candidates should be 18 years of age; must have successfully completed first year high school; must be physically fit for flying duties; be suitable in

other respects. Applicants for the Canadian Legion offer should communicate with Calgary recruiting centre at 1206 First street east.

Bearing the Nazi swastika a German glider soars high over the fields. Gliders like this, either powered themselves, or towed by airplane, are flying regular troops and parachutists and materials to the island of Crete. Gliders flown in "trains" and towed by plane, can be separated and landed at widely dispersed points. Some gliders carry as many as 14 men. Germany is reported to have as many as 100,000 glider pilots. Self-powered gliders have the advantage when approaching their objective, of being able to glide great distances without the warning noise made by propellers and engines.

## USE OF OUR FLAG

At such a time, when the national flag is being used so much, questions concerning regulations as to its use come up frequently. Naturally, it is the spirit of loyalty that prompts the display of the flag that is the important thing, but it is also very important that its use should be dignified by an observance of the correct procedure. The following concise instructions as to how to use the flag will be of interest to citizens in general.

1 The Union Jack is the official flag of Canada, and should be the one flown in Canada.

2 The Red and Blue Ensign, with the Coat of Arms of Canada in the flag, are intended for use afloat and on official buildings outside Canada.

3 The flag should not be hoisted before sunrise, nor allowed to remain up after sunset.

4 In hoisting the flag the broad white stripe in the cross of St. Andrew should be above the red stripe of St. Patrick on the side of the flag next the mast head; if reversed, it is an indication of distress.

5 The flag should always be carried upright and not allowed to touch the ground.

6 When placed at half-mast, the flag should first be raised to the mast head and then lowered.

7 When used for indoor decoration the flag should never be below a person sitting.

8 It should never be used as a cover for table, box or desk, except at a military religious ceremony, and nothing should be placed upon it, except the Bible.

In regard to the National Anthem ("God Save the King"), a final clause is added: Whenever the National Anthem is played or sung, all persons should stand at attention, men with heads uncovered.

Here's to the lad that gets these!  
I hope to gosh they fit,  
For over here in Canada,  
We're trying to help a bit.

Each Red Cross worker is trying  
in many little ways,  
To bring a little comfort  
To those hard and trying days.

We really get a kick out of  
Helping any way we can.  
And we send a special greeting  
To each and every man.

We all realize what victory means,  
So we'll go hand in hand;  
'Cause we're all pulling hard for you,  
In this far and distant land.

So with these hand made garments  
Goes Faith, and Courage too,  
For we know that God's behind us  
In everything we do.

and rye production reduced 13  
million bushels — The U. S. 85 per  
cent parity loan legislation has been  
signed by Mr. Roosevelt and become law.

Following factors have tended  
to lower price: Seedlings of rye for  
harvest in 1941 for 13 northern  
hemisphere countries up to 4 per  
cent — U. S. winter wheat crops con-  
tinue to make generally satisfactory  
progress: Moisture conditions  
are excellent in Argentina — Re-  
liable reports indicate that food  
supplies in Continental Europe  
are still sufficient to prevent  
serious distress.

## The World of Wheat

By H. G. L. Strange

With all the extra summerfallow  
being done this year farmers have  
a golden opportunity of killing  
great quantities of weeds.

Wild oats are one of the worst robbers  
of the farmers' grain. The  
roots of the wild oat plant in  
average soil occupy as much space  
as the wheat roots, and a wild oat  
plant uses as much precious moist-  
ure as does a wheat plant. Three  
weeks after the seed germinates  
the wild oat roots are usually

down some 25 inches; by harvest  
time they are often down six feet!  
It is therefore important to get  
rid of this pest, and it can be done  
with care and patience.

If wild oats are plentiful, the  
land in most cases should not be  
plowed during the summerfallow,  
but only surface cultivated, and  
only to a depth of three inches.  
Let the plants grow until they are  
in the three or four leaf stage; they  
are then at their weakest. When  
cut at this stage with a disc or a  
cultivator the joints will rot and  
grow; if it is smaller another plant  
will often grow from the same root

## How the Giant Bismarck Was Maimed

Planes like that above, launched from the air-  
craft-carrier H.M.S. Ark Royal, played a leading  
part in the destruction of the great German bat-  
tle-ship, the Bismarck, sunk 400 miles off the  
French coast, May 27. Two planes, flying low  
and approaching close to their target, each

released a torpedo, carried as above, which so  
damaged the warship that other naval ships  
were enabled to overhaul and finally sink her.  
Regarded by the Navy in earlier days as a vision-  
ary toy, the torpedo-carrying planes have in this  
war fully justified themselves.
